

Arizona School Tax Credit Form

Give volleyball some credit! The Arizona Department of Revenue has issued guidelines which allow an individual income tax credit of up to \$400 (joint return) or \$200 (single return) for any fees contributed by an individual taxpayer to a public school for the support of extra curricular activities (ARS 43-1089). A tax credit is a full refund of your money. It is not a requirement that the taxpayer have a child enrolled at Ironwood Ridge High School or any other public school.

What **YOU** will get:

1. A dollar-for-dollar tax credit off your Arizona State Income Tax return. This is not a deduction... you will be able to direct some of the money you owe to where you want. For a change, you will decide how your tax dollars are spent!
2. An itemized deduction off your Federal Income Tax return. Check with your tax advisor on how this contribution could reduce your Federal tax liability.
3. The knowledge that you've helped give a student-athlete an experience they'll remember for a lifetime! Your generous support assists our efforts to promote personal growth through athletics.

What the **STUDENTS** will get:

Any contribution to the Ironwood Ridge High School Volleyball Program greatly helps enhance the high school experience for deserving student-athletes in the community.

Tax credit money is used for additional volleyball equipment including quality volleyballs, ball carts, team bags and warm-ups, along with advanced training equipment and facility improvements.

Tax credit money also helps pay for team travel expenses and additional assistant coach salaries, giving each student-athletes more guidance and personal instruction during the season.
